- Express.js
- Node.js
- Git

## SOFT SKILLS

- Adaptability
- Teamwork
- Problem Solving

## ACHIEVEMENTS

### Achieved AIR 542 in Coding Ninjas World Cup Contest

Coding Ninjas

## CERTIFICATIONS

### Django Developer

O(1) coding club

### Python programming

Maangler

## PROFESSIONAL SUMMARY

Innovative Web Developer with expertise in React.js, JavaScript, and responsive web design. Excels in problem-solving and teamwork, integrating Generative AI to enhance user experiences. Rapidly learns new technologies, ensuring scalable and efficient solutions. Committed to optimizing web performance and cross-platform compatibility.

## PROJECTS

### FaceBook Clone | |

#### JavaScript | HTML5 | CSS3 | Responsive Web Design

- Developed a clone of Facebook using JavaScript, HTML5, and CSS3.
- Implemented responsive web design to ensure compatibility across various devices and browsers.
- Created user-friendly interfaces that closely mimic the real Facebook experience.

### File Management System | |

#### JavaScript | HTML5 | CSS3

- Designed and built an advanced file management system using JavaScript, HTML5, and CSS3.
- Developed scalable and reusable code to handle large file storage and retrieval efficiently.
- Implemented cross-browser functionality to ensure consistent performance on all platforms.

## WORK EXPERIENCE

### Catalysing Dreams & Beyond Pvt Ltd

Django web development | August 2023 - November 2023

- Collaborated with design, product, and backend teams to create cohesive project deliverables.
- Developed components using React.js to ensure scalable and reusable application architecture.
- Integrated server-side APIs with frontend components for seamless data exchange.
